

Objective

Detail-oriented and compassionate doctor with extensive experience in Internal Medicine, Clinical Documentation, and Medical Chart Review. Interested in further developing expertise in Clinical Documentation Integrity while ensuring accurate diagnoses and optimized reimbursements. Passionate about delivering high-quality, evidence-based patient care while improving healthcare efficiency and outcomes.

Education

Bachelor of Medicine and Bachelor of Surgery (M.B.B.S.)

Shadan Institute of Medical Sciences, NTR University of Health Sciences, Hyderabad, India (2012-2019)

ECFMG Certified

Clinical Experience

Medical Extern – Internal Medicine & Critical Care

Holy Cross Hospital / Excellent Medical Associates, Chicago, IL (June 2024 – Present)

- Managed ICU patients, focusing on ventilatory support, hemodynamic monitoring, and sepsis management.
- Conducted comprehensive assessments for Sepsis, Acute Respiratory Failure, multi-organ dysfunction, and cardiovascular compromise.
- Assisted in post-ICU recovery planning and patient follow-up.

Medical Extern – Cardiology & Intensive Care

St. Mary Medical Center, Hobart, IN (April 2024 – May 2024)

- Rotated in ICU, Cath Lab, and cardiac wards, managing acute coronary syndromes and arrhythmias.
- Gained expertise in EKGs, echocardiograms, and angiography interpretation.
- Assisted in pre-operative risk assessment and clearance for cardiac procedures.

Medical Intern – Inpatient wards

Desert Valley Hospital, Victorville, CA (June 2023 – October 2023)

- Managed diverse patient populations, including Sepsis, pneumonia, diabetes complications, and multi-organ dysfunction.
- Presented a case report on pulmonary embolism and participated in journal clubs and didactics.
- Developed strong clinical decision-making and diagnostic skills.

Medical Extern – Critical Care & Internal Medicine

Silver Cross Hospital, New Lenox, IL (February 2024 – April 2024)

- Assisted in ICU and step-down units, managing critically ill (Sepsis and ARDS) patients requiring ventilatory and hemodynamic support.
- Enhanced skills in EKG interpretation, echocardiography, and bedside evaluations.
- Worked closely with intensivists to manage sepsis, acute kidney injury, and respiratory failure.

Medical Extern – Internal Medicine

UW Health SwedishAmerican Hospital, Rockford, IL (June 2022 – July 2022)

- Provided comprehensive inpatient and outpatient care, emphasizing diagnostic evaluation and treatment planning.
- Assisted in managing chronic conditions such as hypertension, diabetes, and COPD.

Clinical Care Coordinator / Medical Chart Reviewer

Excellent Medical Associates, Orland Park, IL (March 2022 – May 2023)

- Managed 15–17 homebound patients daily, performing history-taking and physical exams.
- Gained experience in documentation and diagnosis coding for reimbursement optimization.
- Educated patients on chronic disease management and preventive healthcare measures.

Duty Medical Officer (COVID-19 Response & General Medicine)

Telangana Institute of Medical Sciences, Hyderabad, India (September 2021 – March 2022)

- Evaluated and monitored COVID-19 patients, implementing evidence-based treatment strategies.
- Participated in daily bedside rounds, ensuring continuity of care and effective communication.
- Led community outreach programs for COVID-19 awareness and vaccination.

Medical Officer – Outpatient & Preventive Medicine

Government Primary Health Care Center, Hyderabad, India (September 2019 – September 2021)

- Managed high patient volumes in outpatient settings, delivering wellness exams and chronic disease management.
- Educated patients on preventive healthcare measures, screenings, and vaccinations.
